SENIOR IMMUNIZATION CLINIC

Dear Parent/Guardian:

Thursday, May 1, 2008 health services will be hosting a Vaccination Clinic at Northwestern High School in conjunction with the Howard County Board of Health to offer vaccines needed for teens and college students.

In order to participate, you need to complete and sign the attached forms along with a current shot record. ***Forms need to be returned to Mrs. Galbraith in the health clinic no later than Monday, April 28th.***

Students may receive the following vaccines:

- Hepatitis B vaccine (if they have not already completed their 3 dose series)
- (Tdap) Tetanus-diphtheria-acellular pertussis vaccine (unless they have had a Tetanus containing vaccine (Td) within the last 5 years)
- Meningococcal vaccine (meningitis)

There is a ***\$10.00 CASH charge per family*** due the day of the clinic for an administration fee. There is no charge for the vaccines whether you receive one or all. Those students on Medicaid will not have to pay the administration fee. Please provide the Medicaid number that day.

For questions call 457-8101 ext. 3011

Jodi Galbraith, RN
Corporation Lead Nurse
